

**VISION 2020** is all about focusing on God's invitation to step inside His Story. [Hebrews 12:2](#) exhorts us to fix our eyes (vision) on Jesus. Scripture is ripe with dozens of passages urging us to look to Him. It is there His Story is revealed! Where is your vision? Into what chapters of God's Story will He invite you to enter? Will you lay out the parchment of your life to allow God to write His Story there?

God's Story can (and will) be different for each person. But once you are written into His Story, you want to share it! Some of you will more boldly share your testimony of salvation (God's Story, for sure!) Others will be impacted by different elements of God's Story and will share what you learn with great confidence and excitement in 2020.

**VISION 2020** is my personal and intentional commitment to share God's Story, and I encourage you to do the same! It includes in-depth study of God's Word, and a new study guide will be posted every 7-14 days. Each one will focus on at least one of three things:

1. Bible prophecy
2. Current events as seen through the lens of Scripture
3. Biblical principles regarding how to live life in these last days

I want to be ready for the coming of the Bridegroom, don't you! The more we understand today's events in light of God's Word, the more we live sensibly, righteously and godly as we look for the Blessed Hope, the return of Jesus our Lord ([Titus 2:11-14](#))! So, study with us, then share God's Story with others!
